

Lithofin MN Care-Sheen

Description

A special product from the LITHOFIN-Range for marble and natural stone (MN). Solvent free emulsion based on natural waxes, high quality polymers as well as cleaning and self-glossing additives.

Properties

Lithofin MN Care-Sheen forms an easy-to-polish protective film and enhances the appearance of the surface by slightly intensifying the colour structure.

Technical Data:

Density: approx. 1.0 g/cm³
pH-Value: approx. 9
Appearance: liquid, whitish
Odour: pleasant
Flash Point: n.a.
Solubility in Water: very good

Field of Use

For touching up and protecting polished marble and granite floor surfaces, which have become matt or dull. Lithofin MN Care-Sheen contains cleaning substances and can be used for regular maintenance on surfaces subject to low levels of wear and tear. Also suitable as an initial treatment of rough and honed surfaces where a satin gloss is required. For indoor use only.

Directions for Use

When using Lithofin MN Care-Sheen as an initial treatment, dilute the product 1:1 with water and apply it to the surface with a clean cloth or sponge. After approx. 30 to 40 minutes the surface can be polished by hand or machine. For touching up and maintenance use one cup of Lithofin MN Care-Sheen per 10 litres of wiping water. On worn surfaces use a bit more. Do not walk on the surface until the product has dried.
Drying Time: approx. 30 to 40 minutes.
Coverage: approx. 200 m²/L when used in wiping water, approx. 20m² when used undiluted.

Storage

Keep closed and cool. Frost-free. Shelf life of up to 4 years.

Further Maintenance

Natural stone floors should be wiped regularly. Especially on polished marble, we recommend using Lithofin MN Wash & Clean or Lithofin EASY-CARE for three or four washes and then using Lithofin MN Care-Sheen once.

Environmental Protection

The contained surfactants are biologically degradable according to EU-regulations. Does not contain any phosphates.
Disposal: diluted product may be added to waste water. Containers are made of environmentally friendly polyethylene (PE). Clean containers can be recycled through collection system.

Safety

Keep out of reach of children. Does not pose any health concerns when dry.

Ingredients: < 5% non-ionic surfactants, natural waxes, auxiliary agents.

Labelling according to EU-Directive 1272/2008(CLP):
none

ADR 2015: labelling for transport		
Unit	Label	Notes on freight papers
a) b)	--	none

Packaging

- a) 1 litre bottle with child-proof cap (10 per box)
- b) 5 litre canister (2 per box)

Please Note: statements concerning environmental and safety issues refer to the product as delivered (concentrated). This information should be considered to be informal and non-binding. The products must be used according to local conditions and materials. Always test the product in an inconspicuous area. (GB8.15gps/6.15)
