

Lithofin KF Conditioning Cleaner for porcelain and ceramic tiles

Description

A special product from the LITHOFIN-Range for all ceramic tiles (KF). Lithofin KF Conditioning Cleaner is a mildly alkaline maintenance product formulated for every-day use.

Properties

This high-yielding concentrate is added to the wash water, and it cleans and maintains in one simple operation. Selected raw materials ensure an optimum, streak-free cleaning effect without building up layers. Surfaces become more attractive and less sensitive with continued use.

Technical Data:

Density: approx. 1.0 g/cm³
 pH-Value: < 11 (concentrate)
 Appearance: liquid, bluish
 Odour: pleasant
 Flash Point: n.a.
 Solubility in Water: complete

Field of Use

For regular maintenance cleaning of all polished and unglazed ceramic and porcelain tile surfaces which are subject to normal levels of wear and tear.

Directions for Use

Add one squirt (approx. 20ml) of Lithofin KF Conditioning Cleaner to a 8 litre bucket of water. Wipe the floor with a wet cloth, then wring out the cloth and wipe again in order to remove the product. Do not walk on the surface until it is completely dry.

Please Note: do not leave the product on sensitive surfaces. In cases of doubt, try the product in an inconspicuous area.

Coverage: very high yielding concentrate.

Average consumption when used daily with an autoscrubber: approx. 2 L/100m² per month.

Advice: surfaces which are subject to high levels of wear and tear should occasionally be cleaned with Lithofin KF Intensive Cleaner. Calcium deposits, rust and soap scum can be removed with Lithofin KF Ceramic-Clean.

Storage

Keep closed, cool and dry. Shelf life of up to 5 years.

Environmental Protection

Surfactants are biologically degradable in accordance with EU-regulations.

Disposal: diluted product may be added to waste water. Containers are made of environmentally friendly polyethylene (PE). Clean containers can be recycled through collection systems.

Safety

Ingredients: <5% anionic surfactants, < 5-15% non-ionic surfactants, perfume limonene geraniol, auxilliary agents.

Labelling according to EU-Directive 1272/2008(CLP):

GHS Symbol 07, Warning

Causes serious eye irritation. Keep out of reach of children. Wear eye/face protection. If eye irritation persists: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

ADR 2015: labelling for transport

Unit	Label	Notes on freight papers
a) b)	--	none

Packaging

- a) 1 litre bottle with child-proof cap (10 per box)
- b) 5 litre canister (2 per box)

Please Note: statements concerning environmental and safety issues refer to the product as delivered (concentrated). This information should be considered to be informal and non-binding. The products must be used according to local conditions and materials. Always test the product in an inconspicuous area. (GB8.15gps/6.15)
