

Technical Information Art.-No.975

Green by Lithofin Multi Surface Cleaner

Green by Lithofin products are high-quality cleaners designed on a plant-based biodegradable formula. The traceable origin of certified ingredients allows us to declare cleaners of this product line as vegan, GMO free and microplastic-free.

Green by Lithofin Multi Surface Cleaner is suitable for all water-resistant surfaces throughout the house. Formulated on plant-based ingredients it cuts through dirt and grime to leave sparkling results. Designed with hypoallergenic fragrance for natural freshness.

Technical Data	
Density: approx. 1,0 g/cm ³	Appearance: liquid, yellowish
pH- Value: approx. 8,2	Odour: perfumed

Field of Use

Green by Lithofin Multi Surface Cleaner removes dirt and leaves neat and streak-free surfaces in the entire household such as natural stone surfaces, ceramics, plastic, high-gloss kitchen fronts, stainless steel, faucets, mirrors, glass, windshields, polished and unpolished surfaces. Natural surfactants remove even greasy and oily soiling.

Directions for Use

Set nozzle to "on" and spray entire surface. Allow to work briefly but do not leave to dry. After use, set nozzle to >off<. Wipe the surface with a damp cloth. Surface may have to be buffed with a dry cloth.

Please Note: Do not spray on hot surfaces.

Storage

Closed, upright, cool, up to 3 years.

Environmental protection

The surfactants are biodegradable in accordance with regulation (EC) No. 648/2004 (detergents regulation).

Disposal:

The container is made of recyclable, environmentally friendly polyethylene (PE) and is recyclable. Rinsed containers can be disposed of and recycled via the recyclable material collection system (see note on label).

For information on labelling, transport and disposal, please refer to the safety data sheet.

Packaging

a) 500 ml bottle with Sprayer (10 per box)

Please note that the environmental and safety information applies to the (concentrated) product in delivery form. If dilution is appropriate for the application, the classification may change.

This information can and should only provide non-binding advice.

The use of the products must be adapted to the local conditions and the surfaces to be treated. If there is no experience and in all cases of doubt, the product should be tried out in an inconspicuous place beforehand. (AUS2.26/9.25)
