

## Lithofin P&L Basic Cleaner for Parquet and Laminate

### Description

A special product from the LITHOFIN-Range for parquet, laminate, linoleum and other synthetic floors (P&L). This mildly alkaline special cleaner contains a balanced combination of components which dissolve and remove dirt.

### Properties

Lithofin P&L Basic Cleaner is specially formulated to remove engrained dirt, glossy films and care product residues.

#### Technical Data:

Density: 1,0 g/cm<sup>3</sup>

pH-Value: ca. 8,5 (concentrate)

Appearance: liquid, clear, yellowish

Odour: fresh

Solubility in Water: very good, complete

### Field of Use

For initial cleaning of newly laid parquet and laminate and for thoroughly cleaning used and dirty surfaces. Lithofin P&L Basic cleaner completely removes encrusted care product residues and films.

### Directions for Use

Dilute Lithofin P&L Basic Cleaner up to 1:2, apply and distribute with a mop and allow the product to work for five minutes. The effectiveness can be enhanced by scrubbing. Wipe the surface with a damp mop to remove the product. Do not allow water to remain on the surface, since this may cause the wood to swell at the joints. In case of extremely dirty surfaces, the product can be used undiluted. This process may have to be repeated.

Please Note: parquet and laminate floors may absorb water along the joints and swell up. Therefore working time must be kept to a minimum and the floor should not remain wet for extended periods of time.

Please observe the cleaning and maintenance advice provided by the manufacturer of the floor material.

Coverage: approx. 20 to 30m<sup>2</sup> per litre (depending on dilution).

### Storage

Closed, cool and dry. Up to 5 years.

### Environmental Protection

The contained surfactants are biologically degradable according to EU-regulations. Does not contain any phosphates.

Disposal: diluted product may be added to waste water. Containers are made of environmentally friendly polyethylene (PE). Clean containers can be recycled through collection system.

### Safety

Ingredients: under 5% non-ionic surfactants, Methylisothiazolinone, Limonene scent.

Labelling according to EU-Directive 1272/2008(CLP): Symbol GHS05 Danger

Alcohol, C12-15, verzweigt und linear, ethoxyliert  
Concentrated product causes skin irritation. Causes serious eye damage. Keep out of reach of children. Wear eye/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

ADR 2015: labelling for transport

Unit	Label	Notes on freight papers
a)	--	none

### Packaging

a) 1 litre bottle with child-proof cap (10 per box)

Please Note: statements concerning environmental and safety issues refer to the product as delivered (concentrated).
